**EXHIBIT K**

STATE OF ILLINOIS )  
 ) SS  
COUNTY OF COOK )

# AFFIDAVIT

**MARSHALL HARTMAN**, being first duly sworn upon oath, deposes and states as follows:

1. Affiant is the Deputy Defender of the Capital Litigation Division (CLD) of the Illinois State Appellate Defender.
2. Affiant has read the motion to reinstate and continue the proceedings involving Mr. Darrin Shatner, and this motion, insofar as it relates to the issue of funding for experts, is true and correct.
3. Specifically, CLD funding is approved by the Illinois legislature for the fiscal year commencing July and ending June 30. A portion of CLD funding is used to pay for the services of experts. CLD is without funds with which to pay such experts for the remainder of the current fiscal year.
4. In addition, Illinois law prohibits CLD from paying experts for services rendered in one fiscal year with funds authorized for our use in a different fiscal year. Thus, we are prohibited by law from using next year's funding to pay for expert services rendered in the current fiscal year.

**FURTHER AFFIANT SAYETH NOT.**

  
Marshall J. Hartman

Subscribed and sworn to before  
me this 11 day of May, 1998.

**Notary Public**

**VITA****MICHAEL MAYER GELBORT**

Neuropsychological  
Consultation Services, P.C.  
Suite 320, 401 E. Illinois St.  
Chicago, Illinois 60611  
(312) 321-9406

P.O. Box #437  
Highland Park, Illinois 60035  
(312) 433-9431

**Education**

Post-Doctoral Fellowship, Medical Psychology. 1984 - 1985.  
Rehabilitation Institute of Chicago.

Ph.D., Clinical Psychology (APA approved program), August, 1984.  
Department of Psychology, Texas Tech University, Lubbock, Texas.  
Minor: Applied Neuropsychology

B.A., Double Major: Psychology and General Sciences, with Honors.  
May, 1977. Grinnell College, Grinnell, Iowa.

**Clinical Experience****CLINICAL AND  
NEUROPSYCHOLOGIST,  
PRIVATE PRACTICE**

Chicago Area, Illinois. 1989 - present.

Neuropsychological evaluations and consultation  
practice to hospitals and office patients. Clinical  
consultations, evaluation, and interventions.

**CHIEF PSYCHOLOGIST  
DIRECTOR,  
PSYCHOLOGICAL  
SERVICES**

The Institute for Rehabilitation and Research,  
1985 - 1989

Responsible for providing the psychological services  
required by patients in the Head Injury and Stroke  
Programs in particular and the needs of spinal cord  
injured, multiple sclerosis, amputee, pain, and other  
disabled patients in general in a major regional  
rehabilitation hospital. Duties included both neuro-  
psychological and personality assessment, treatment  
planning, treatment, and consultation to the Inter-  
disciplinary Treatment Team. Patients served included  
both inpatients and outpatients in each phase of  
rehabilitation. The position included administrative  
duties, program development, and research involvement.  
Department had three Ph.D. level psychologists, two  
psychometrists, and support personnel.

**Michael Mayer Gelbort****CLINICAL ASSISTANT  
PROFESSOR**

Baylor College of Medicine, Department of  
Rehabilitation, 1985 - 1989.

**PRIVATE  
PRACTICE**

Houston, Texas. 1986 - 1989.

Evaluation and treatment of outpatients and inpatients in a private practice setting. Patients most typically suffered from neurotic or characterological difficulties or had a physical disability. The practice also involved consultation to rehabilitation units in acute care hospitals and disability evaluation for a variety of referral sources.

**POST-DOCTORAL  
FELLOW IN MEDICAL  
PSYCHOLOGY**

Rehabilitation Institute of Chicago, 1984 - 1985.

Provision of psychotherapy and counseling to spinal cord injured, head injured, and amputee patients and their families in both inpatient and outpatient settings. Member of an Interdisciplinary Team charged with coordination and provision of rehabilitative treatment. Responsible for ordering and interpreting Neuropsychological assessment batteries.

**FACULTY  
APPOINTMENT:  
LECTURER STATUS**

Northwestern University Medical School; Department of Psychiatry and Behavioral Sciences, 1984 - 1985.

Lectured and performed supervision of doctoral students in Northwestern University's Medical School program in Clinical Psychology. Lectured Northwestern University medical students. Member of Admissions Committee group responsible for rating application materials of those applying for admission to the Doctoral Program in Clinical Psychology.

**NEUROPSYCHOLOGICAL  
CONSULTANT**

From the Department of Psychology to the Department of Medical-Surgical Neurology, Texas Tech University School of Medicine, 1982 - 1984.

Administration and interpretation of neuropsychological screening and complete batteries as referred by two neurosurgeons and two neurologists in a major regional teaching hospital. Techniques included both Halstead-Reitan and Lurian batteries, as well as an extensive number of other assessment measures. Patients were both inpatients and clinic outpatients and ranged from one to ninety years of age. The test batteries were idiographically designed to answer questions regarding range and extent of dysfunction and rehabilitation placement.

**Michael Mayer Galbort**

- NEUROPSYCHOLOGICAL CONSULTANT** Texas Rehabilitation Commission, Lubbock, Texas. 1983 - 1984.
- Administration and interpretation of approximately forty-five Luria-Nebraska Neuropsychological Batteries and additional academic achievement tests to college age students being evaluated for the diagnosis of learning disability.
- PSYCHOLOGY INTERN** Milwaukee County Mental Health Complex (APA approved), Milwaukee, Wisconsin, 1981 - 1982.
- Administration and interpretation of psychological test batteries on a wide spectrum patient population; provision of inpatient and outpatient psychotherapy to adults and children; performance of intake interviews and assessments; attendance at and presentation of seminars.
- PSYCHOLOGIST** Developmental Disabilities Center, Texas Tech University, Lubbock, Texas, 1980 - 1981.
- Assessment of developmental delays and psychological/neuropsychological functioning of newborns to three-year-olds; input to a Multidisciplinary Team; Clinic Administrator and administrator/interpreter of psychological assessments for Screening Clinic for school-age children; coordinator of feedback and recommendations to parents; language learning disability evaluator.
- STUDENT THERAPIST** Texas Tech University Psychology Clinic, Texas Tech University, Lubbock, Texas, 1977 - 1981.
- Provision of outpatient psychotherapy, as well as performance of intellectual and personality assessments to adults and children.
- RESIDENTIAL LIVING SUPERVISOR** Lubbock Regional MH/MR Center, Transitions II Halfway House, Lubbock, Texas, 1979 - 1981.
- Employed interpersonal interventions and behavioral modification programs to aid newly released prisoners and parolees reintegrate into community living. Participated in administrative decision making and program development.

ILLINOIS	)	
	)	NO. 91 - CR -2026
V.	)	
	)	
DARRIN SHATNER	)	

---

AFFIDAVIT OF ALICE WASHINGTON

I, Alice M. Washington, being duly sworn, do hereby state the following under oath:

1. That I am currently employed as a Mitigation Specialist by the Capital Litigation Division of the Illinois State Appellate Defender's Office at 600 W. Jackson Blvd., in Chicago, Illinois.

2. That my duties consist of investigating, compiling, and analyzing potentially mitigating evidence for capital defendants.

3. That our office was appointed to Darrin Shatner's case on July 19, 1996.

4. That after several interviews with Mr. Shatner, as well as his family members, it wasn't until just recently they were able to supply our office with the necessary information to locate various documents needed to assist in the preparation of the mitigation report as well as the defense attorney's arguments.

5. That it wasn't until April, 1998, we began receiving said documents.

6. That the documents of receipt were limited to a partial file from each of the following agencies; Sunny Ridge Family Center, Covenant Children's Home, Arden Shore Home for Boys, Shelter Inc, Illinois Department of Children and Family Services.

7. That the role of the mitigation specialist is to assist the defense team by conducting a thorough investigation of the defendant's biopsychosocial developmental history. Such an investigation necessitates;

a. that the mitigation specialist obtain and review all records related to the client, including but not limited to medical records, school records, social service agency records, employment records, military records, prison records, etc;

8. That because I have not yet received all of the necessary records, I have been able to prepare only a preliminary mitigation report.

9. That while this specialist has received various records, I am still awaiting the arrival of medical records from various hospitals where Mr. Shatner was treated for some of his injuries.

10. That I am still awaiting the arrival of school records from the Chicago Board of Education that was requested months ago and for which they are still searching their files.

11. That I have yet to receive the entire file from Sunny Ridge Family Center.

12. That I am still awaiting records from the Archdiocese pertaining to additional academic records from various Catholic schools Darrin attended.

13. That I am still awaiting medical reports from Ravenswood Hospital pertaining to Mrs. Shatner's delivery complications during Darrin's birth.

14. That I am still awaiting affidavits from various family members pertaining to Darrin's childhood.

15. That I am still waiting to review the trial attorney's file as it pertains to mitigation.

16. That I am still trying to locate records from the Military School Darrin attended in Wheaton.

17. That without a complete file containing all of the above records pertaining to Darrin Shatner, the mitigation report would be incomplete.

Further Affiant Sayeth Not,
